A Delightful Vocabulary BuilderBy A Tired ReaderOne might think that the silliness promised by this book's description would distract-- or even work against-- effective learning of new French words. I was pleasantly surprised to discover that just the opposite is true. The book's puns facilitate visual learning through its many punny images. Can you ever forget that the French word for cow is "(une) vache" after

you've seen a cow dressed in her ra-vache-ing evening attire? Many of the puns are accompanied by "fun facts" relating to French culture and history that add considerably to this book's educational value. You'd be hard pressed to find another book that makes learning so much fun at such a reasonable price. Buy it! 3 of 3 people found the following review helpful. Popular with the high-school bunch By shri This is a great little book. It combines a bit of French language medicine with the sugar of bad humor to come up with something that goes down smoothly with the 7-12-graders (high school ages). Our 13-year-old has already grown a hat size with the increased vocabulary. Not exactly for intellectuals but recommended for the rest of us.

A madcap primer that makes learning French a joking matter This zany joke-fest makes mastering French vocabulary riotous good fun for your kids ages 10 and up as well as the young at heart. The World's Wackiest French Joke Book features 500 groan-worthy puns and clever turns of phrase, along with 18 screwball line drawings and fascinating culture notes. What is long and green and attends Hogwarts School of Witchcraft and Wizardry? Haricot Potter (un haricot=bean)

From the Back Cover This book is a total blast! How can you tell? Because it's a boum (party) in France! And that's how this cookin' little book makes learning French as fun as a pun--by introducing new French words with jokes, quips, and a few helpings of pure fromage (cheese). Language innovator Sue Fenton knows it's a lot easier to remember something when it brings a smile (or even a groan)--so take a break from all those vocabulary flashcards and get a lot of merci (thanks) in return! Say "au revoir" to boring lessons and "bonjour" to laugh-out-loud learning. What saying do you get when you cross Obi-Wan Kenobi with a French bear? "May the ours be with you." (un ours = bear) What do French people use to scour their belly buttons? Nom-Brillo pads (un nombril = belly button) What is green and attends Hogwarts School of Witchcraft and Wizardry? Haricot Potter (un haricot = bean) About the Author Sue Fenton has been teaching French and Spanish for more than twenty years. She has also written twenty books for foreign-language teachers and developed innovative and engaging ways to learn language. She is affiliated with the American Association of Teachers of French and the Alliance Française and has spent many summers living in Paris.
