I thought they would be like the classic Worst Case Scenario books but I could read them with my younger kids. They're nothing like them at all. You don't get to choose your own ending. Just tells you how to annoy your parents, siblings and teachers. I won't let my kids read them. Gives them bad ideas that are meant to be funny, but would totally get kids in trouble if they tried them.0 of 0 people found the following review helpful. Nice booksBy AbelieverMy son loves his books. he asked me to get him some more. These book are great for preteens!0 of 0 people found the following review helpful. Worse Case reviewBy Diane MiddletonI purchased this for my 12 year old grandson for a birthday gift. He reports that it is funny and very useful with a lot of information on all kinds of situations..as he is entering middle school this fall I guess it will come in handy.
