David Borgenicht, Ben H. Winters : The Worst-Case Scenario Pocket Guide: Meetings before purchasing it in order to gage whether or not it would be worth my time, and all praised The Worst-Case Scenario Pocket Guide: Meetings:

2 of 2 people found the following review helpful. Unfunny, unimaginative, useless.By KAEI bought this on impulse for \$2.99 on the Kindle "daily deal" page, and was entirely disappointed even at that price. There's much to mock in corporate culture and it can be done to great effect (just watch the brilliant Mike Judge film "Office Space"), but there's none of that in this book.It really reads as if 3 dudes wrote this thing sitting around a dining room table in an evening. There's nothing here the ordinary Joe couldn't have come up with while nursing a beer after work on a

Tuesday night. Worthless.

Fake your way through a presentation, slip out of the room unnoticed, stay awake through agenda overload, and video conference from the beach.
