Joshua Piven, David Borgenicht : The Worst-Case Scenario Survival Handbook: LIFE before purchasing it in order to gage whether or not it would be worth my time, and all praised The Worst-Case Scenario Survival Handbook: LIFE:

0 of 0 people found the following review helpful. Emergency GuidebookBy E. Thiel like this book because it addresses all emergency scenarios. It is very direct and does not hold back on advice. You can go directly to a chapter on tornadoes or flooding, or winter storms, etc., and know what to do to be prepared. The best advice is that most emergencies are common occurrences as opposed to war or terrorism. We need to be prepared for the possible daily events and the "biggies" will be covered too.0 of 0 people found the following review helpful. Was expecting a bit more wisdomBy mrssmithFor the most part very basic, common-sense advice. Might be suitable for a very young

person with little life experience.0 of 0 people found the following review helpful. Night PlayerBy night playerGood read. Easy to understand. Much is basic information you already know, but there are some good suggestions that sound reasonable.Only negative is the illustrations have fine fine print that is not readable on a 7" kindle fire hd. You cannot zoom them to read the information.

An omnibus of fast-access survival advice on the full range of everyday life emergencies, *The Worst-Case Scenario Survival Handbook: Life* guide packs hundreds of instant, real solutions to daily crises in categories covering, home, relationships, travel, sports and hobbies, animals and pets, money, school, beauty and fitness, holidays and celebrations, and more. Clocking in at a chunky 288 pages, and containing hundreds of scenarios and solutions, *The Worst-Case Scenario Survival Handbook: Life* will keep readers informed and safe whether battling an bobcat or busted faucet. Because anything can go wrong anywhere at any time.
