Yogi Vithaldas Susan Roberts : The Yogi Cook Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Yogi Cook Book:

2 of 2 people found the following review helpful. My first Indian cook book By Jules F. This is my first and my favorite Indian cookbook. Decades before I found it on a revolving stand of paperback books in a drugstore. That well used copy crumbled twenty years ago. Yogi Vithaldas also wrote a very good introductory hatha yoga book. 3 of 3 people found the following review helpful. My Favorite Indian Cookbook!!!! By John William Banchemo I bought this edition in 1972 for 75 cents and have used it so often that most of the pages are worn and have been Scotch taped. This book was my introduction to Yogi-Indian cooking and though over the years I've bought a couple dozen more Indian cookbooks this one remains my favorite. Though the recipes are far from complicated the end results are very sophisticated, I promise. I've cooked 75% of the recipes and not one has proved a disappointment, also the recipes have been appreciated by the most finicky of guests. 2 of 2 people found the following review helpful. Must have By June Bug Fantastic tool. Recipes really are authentic and delicious. I cherish my worn copy and regret it is not available as a fresh reprint or as a digital book
