Max Brooks : The Zombie Survival Guide: Recorded Attacks before purchasing it in order to gage whether or not it would be worth my time, and all praised The Zombie Survival Guide: Recorded Attacks:

0 of 0 people found the following review helpful. Five StarsBy JerseyGalMax Brooks is a gift that keeps on giving. A must read for any prepper or zombie fan.0 of 0 people found the following review helpful. Love It!By SarahThis was a gift for my boyfriend who is a die hard zombie fan (me, not so much). But I read this before I gave it to him at

Christmas and even I was picking it up more than once. He's already started to wear down the spine with how much he reads it. This book chronicles "zombie attacks" starting at the stone age with the first humans, to Rome and Cossack Russia. It goes all over the world through every major time period, even including major events such as a World War finally ending in modern America. The art is amazing and the story fascinating. 0 of 1 people found the following review helpful. A fun read for those into fighting zombies anyway possible. A hoot. By Joseph J. Truncale The dead are everywhere! This informative fully illustrated text gives a concise historical summary of the numerous zombie attacks around the world. This volume covers reported incidents up to 1992. I am sure the zombie situation is still not under control and everyone still needs to arm themselves to the teeth in order to protect those still living. Remember the only way to stop a zombie is to take out the brain anyway possible. This text covers the following zombie recorded attacks: 60,000 b.c. Katanda, Central Africa, 3000b.c. Hieraconpolis, Egypt, A.D. 121 Fanum Codidi, Caledonia, A.D. 1579, The Central Pacific, A.D. 1583, Siberia, A.D. 1611, Feudal Japan, A.D. 1690, The Southern Atlantic Ocean, A.D. 1862, St. Lucia Eastern Caribbean, A.D. 1893, French North Africa, A.D. 1942-45, Harbin, Japanese Puppet State of Manchukuo, A.D. 1960, Byelgoransk, Soviet Union, A.D. 1992, Joshua Tree National Park. In conclusion, though this volume did not cover the many present day zombie reports. The author may want to investigate the many "Resident evil" zombie cases reported by Alice. She probably has killed more zombies than anyone else on the planet and is also a victim of devious undead experiments. A fun read if you are into fighting zombies. Rating: 4 Stars. Joseph J. Truncale (Author: Martial Art Myths).

Those who dont learn from history are condemned to repeat it. From the Stone Age to the information age, the undead have threatened to engulf the human race. They re coming. Theyre hungry. Dont wait for them to come to you! This is the graphic novel the fans demanded: major zombie attacks from the dawn of humanity. On the African savannas, against the legions of ancient Rome, on the high seas with Francis Drake . . . every civilization has faced them. Here are the grisly and heroic stories complete with eye-popping artwork that pulsates with the hideous faces of the undead. Organize before they rise! Scripted by the worlds leading zombie authority, Max Brooks, Recorded Attacks reveals how other eras and cultures have dealt with and survived the ancient viral plague. By immersing ourselves in past horror we may yet prevail over the coming outbreak in our time.

About the Author The New York Times bestselling author of The Zombie Survival Guide and World War Z, MAX BROOKS has been called "the Studs Terkel of zombie journalism." Artist IBRAIM ROBERSON brings a diversity of graphic influences into the dark vision of this story.
