I definitely love how this journal gives me the opportunity to briefly write down my current thoughts, while also allowing me to color in the mandalas. The mandala's are unique and fun to color. Also, I love the size of the mandalas, because they're small, which is the perfect size for when I don't want to spend a lot of time coloring.0 of 0 people found the following review helpful. We all need outlets. Writing or coloring are an inexpensive therapy and can be used to release joy, celebration, anger, sadness, and everything in between. When using both methods, you can really get the feelings out. Go ahead and take advantage of both methods in "Thought Journal Mandala Coloring".
