Very good quality, although a bit too expensive.1 of 1 people found the following review helpful. Entertainment for common area for IT groupBy M. MonroeIT folks tend to sit in front of their screens and tap away all day long. Then we go to meetings to talk about more tasks that will require tapping at the keyboard. We needed a distraction, so now we have thumb sumo contests. These are very cute and fit the bill for a good shared department gift.1 of 1 people found the following review helpful. A fun gift!By Anthony RoblesThis is a very fun and silly tiny thumb sumo set. It is very enjoyable to play with family and friends with it. The little sumo thumb toppers are very cute and make good display pieces on a desk when not in use. A fun and well made set, would recommend to

anyone who likes goofy thumb wrestling fun.
