By minnesotamoose This is a fine compilation of generally clean, sometimes risqué, humor with a Marine Corps flair. It really helps to understand the mindset of the Marine and the rivalries between them and the other branches of service. It ranges widely from the jokes that make a Marine pump his fist and grunt with mirth to some more sophisticated stuff that might make them scratch their heads and grunt with bewilderment. Either way, they will grunt...just don't refer to them as 'grunts'. 0 of 0 people found the following review helpful. very funny! By Angela A. Verilli I bought this for my husband for Father's Day! He has read it 2 or 3 times. Loves it, and some of the readings are very, very funny! 1 of 1 people found the following review helpful. Great Coffee-table Book For A Nostalgic Marine By Ril Water This an excellent coffee table book for a nostalgic marine. It certainly made my dad laugh (he is a retired marine). Not something you would pick up and read from cover to cover, but fun to flip through. Each page only has one little picture and a saying, quote or chant on it.

In order to survive in the Marine Corps you MUST have a good sense of humor. This collection of military jokes spares no one; terrorists, allies, officers, pilots, and of course our sister services are all fair game. You WILL laugh, and you WILL like it!
