Norman Thelwell : Top Dog before purchasing it in order to gage whether or not it would be worth my time, and all praised Top Dog:

0 of 0 people found the following review helpful. Thelwell always pleases. By Rixmom Have loved Thelwell for years, I was a pony club kid and his books were jewels of caricature that used to have us laughing our heads off. The Top Dog one is cute but not the ROFLMAO, of the pony ones. But still better than most any other dog humorous

caricatures.0 of 0 people found the following review helpful. blast from the past 3By lwThis book arrived on time and has provided several laughs. The only complaint I would have was with the packaging that the book was mailed in. It may have been trying to prevent damage to the book, but the mailing envelop adhered to the book and the dust cover. While I managed to get the book and dust cover out of the envelop, it did give me a little concern about adding any damage. Overall, though, I am pleased with the purchase. Thanks!0 of 0 people found the following review helpful. Funny for many speciesBy essieFunny man on any subject

A hilarious canine compendium, essential for new and experienced dog owners alike. As every experienced dog owner knows, man's best friend is a complex bundle of appetites, instincts, and winsome wiles. Few first-time owners will realize, however, just what a responsibility they are taking on. So Norman Thelwell has kindly provided them with this invaluable handbook full of advice on choosing, training, feeding, exercising, and caring for our four-legged friends. It also emphasizes the importance of protecting one's own interests—not to mention those of one's neighbors—for an ill-trained hound will soon develop a healthy disrespect for law and order. Here is a superb cartoon collection designed to give every dog owner a new leash of life in the canine world.

"The master English cartoonist ... a laugh a page' Publishers' Weekly"About the AuthorSince their debut appearance in Punch over forty years ago, Norman Thelwell's cartoons and drawings have delighted millions of people all over the world. His portrayals of sporting pursuits, human beings at play, the life of the British countryside and, of course, ponies, are the products of a unique comic genius.
