Baumle I have a folder in my e-mail inbox that contains countless stories I've received that I can't bear to delete. You know, the stories that touch your heart and tickle your funny bone, and you want to send them on to your friends (and maybe even some enemies). This little volume contains the best of them. Now I can 'forward' this book to my mother on Mother's Day, my best friend on Sweetest Day, my boss on Boss's Day...you get the idea. What a treasure! 0 of 0 people found the following review helpful. Very effective! By A Customer This is a really awesome book, especially for high school and college students! It has great inspirational quotes, poems, short short stories. I am a college student, and have used this book with several of my leadership positions. The content is great as a meeting opener or devotions. I would highly recommend this to all students! 2 of 4 people found the following review helpful. Touched By pincas Insipid! Trite! Poorly written! Appalling! Distasteful! Putrescent! Nauseating! I wanted to cancel my email account after reading this pile of drivel! Schlock! A colossal dung heap of a book constructed out of words unfortunate enough to be chosen by the author!
