**Kevin Smith : Tough Sh\*t: Life Advice from a Fat, Lazy Slob Who Did Good** before purchasing it in order to gage whether or not it would be worth my time, and all praised Tough Sh\*t: Life Advice from a Fat, Lazy Slob Who Did Good:

3 of 3 people found the following review helpful. Excellent book from Kevin SmithBy chrisFunny and insightful book from Kevin Smith. If you are already a fan of his movies or podcast you will love this book. I really enjoyed his stories of screening his movie Red State with Quentin Tarantino and Michael Parks, how Bruce Willis was not as fun as

Kevin thought he would be to work with( Bruce's reputation for being a jerk to work with sure seems to be factual and not a myth) and how Seth Rogen turned him on to being productive while smoking weed. Entertaining,raunchy and inspirational book that is a quick and easy read.1 of 1 people found the following review helpful. Kevin stop wit da fat self disses...snickety snick!!!By C. HammellOver the years I have learned to accept that I was a Jersey Gen Xer female adrift in the Askewniverse. I have always thought Kev was cute as Silent Bob... all thru this book, though, I read self-loathing regarding looks/weight. From the guy who dated Joey Lauren Adams back in the day when she was Finger Cuffs-cute. And then writing your wife tolerates your perversions and gave up so much to be Mrs. Kev. Sorry, but that's a big bag of s\*\*\* !!! She knew what path to follow. Doubt she'd go back to journalism without the Snoochie fanbase tailing her. Love every movie... book loses a star for wasting space on SModcast itinerary. And if you do make "Hit Somebody"... please no Bruce Willis , and be sure to include the WARREN ZEVON SONG of the same name. As a hockey fan... you know where the seed for that particular film idea came from. And thanks for sharing George Carlin stuff. Miss him so much! Much love to Red Bank... my great uncle is James Avati and my great grandparents were the artists on Spring Street.0 of 0 people found the following review helpful. Suprisingly Better Than I ThoughtBy Kindle CustomerI must confess -- I'm not a great fan of Kevin's movies, they all have flaws of one kind or another, some are good, others not so much (Cop Out) and he's never produced anything approaching Pulp Fiction (though Red State was an encouraging move in the right direction).But I LOVE KEVIN SMITH!If you've ever heard his podcasts or seen him interviewed at length, you know Smith is a genuinely funny, inventive, creative raconteur, a great storyteller, and somebody who is just literally bursting with fresh ideas and interesting takes on the world around him, comics, arts, you name it.And Kevin manages to bring all that and more to this book, which has a breezy conversational style that very much matches the Kevin Smith you hear on his podcasts.He also has some fantastic inside-Hollywood stories, including the trauma of working with Bruce Willis and a long account of his relationship with the Weinsteins.In short this is a fun account, at times very insightful, and otherwise highly entertaining -- good job Kevin!

The New York Times bestseller that is profane, honest, and contains totally wise sh\*t from one of America's most original voices. That Kevin Smith? The guy who did Clerks a million years ago? Didn't they bounce his fat ass off a plane once? What could you possibly learn from the director of Cop Out? How about this: He changed filmmaking forever when he was twenty-three, and since then, he's done whatever the hell he wants. He makes movies, writes comics, owns a comic book store, and has built a podcasting empire. Tough Sh\*t is the dirty business that Kevin has been digesting for forty-two years and now he's ready to put it in your hands. Kevin provides you with a blueprint for success, taking you through some big moments in his life to help you live your days in as Gretzky a fashion as you can: going where the puck is gonna be. Read all about how a zero like Smith managed to make ten movies with no discernible talent and how when he had everything he thought he'd ever want, he decided to blow up his own career.

"Kevin Smith is nicer than he lets on, thinner than he thinks, and smarter than almost anyone in the room. He has today's world - and tomorrow's - running for cover." — Mitch Albom"I suspect @ThatKevinSmith is what all gods and demons aspire to be." — Neil Gaiman via Twitter"Kevin Smith is a force of nature: He makes movies, he writes books and stuff, he talks and then he talks some more. Maybe he's less of a force of nature and more of a spreading cloud of secondhand weed smoke that is slowly infiltrating every medium available to us. Kevin Smith is the haze that binds us all." — Marc Maron"I certainly would never read anything written by Kevin Smith." — Tim BurtonAbout the AuthorA writer, comedian, film producer, and director, Kevin Smith produced the Oscar-winning Good Will Hunting; wrote and directed numerous successful films, including Clerks, Chasing Amy, and Jersey Girl; authored Silent Bob Speaks, Shootin' the Sh\*t with Kevin Smith, and the New York Times bestseller My Boring-Ass Life; and cohosts SModcast on SiriusXM radio. He lives in Los Angeles.
