Donald Trump running for president of the United States? Who would have guessed? And not in a million years would anyone have bet that he'd get this close to winning... No matter what you think of the man, he sure has said some ... interesting ... things. Enjoy this satirical look at 20 of Donald's more interesting comments, things he actually said in public. This book includes 20 hand-drawn sketches for you to color as you consider his famous, controversial words. Regardless of whether or not you agree with the man, sit back and enjoy the parody.
